Filed : December 1, 2003

REMARKS

Applicant submits the foregoing amendments and following remarks in response to the Office Action electronically delivered April 12, 2007 (hereinafter referred to as "the Office Action"). The Office Action indicated restriction to one of the following inventions was required under 35 U.S.C. § 121: Group I Claims 43-50, drawn to a speech recognizer comprising a tuner and a tester, classified in class 704, subclass 231; Group II Claims 1-17 and 25-33, drawn to a method of tuning a speech recognizer, classified in class 704, subclass 244; Group III Claims 18-24 and 34-42, drawn to a method of testing a speech recognizer, classified in class 704, subclass 240. In complete response to the Office Action, Applicant hereby elects Group III Claims 18-24 and 34-42 for examination. Applicant reserves the right to pursue any non-elected claim(s), or other new claims, in subsequently filed continuation or divisional applications. New claims 51-72 are added. No new matter is added; support for the new claims can be found in the application and claims as originally filed. As a result of the foregoing election, claims 1-17, 25-33, and 43-50 are canceled and claims 18-24, 34-42, and 51-72 are pending and submitted for examination.

In view of the foregoing election, Applicant submits that the application is in condition for examination on the merits and respectfully requests the same. If there are any remaining issues that the Examiner believes can be resolved by telephone, the Examiner is invited to call the undersigned at the telephone number listed below to discuss such issues.

Please charge any additional fees, including any fees for additional extension of time, or credit overpayment to Deposit Account No. 11-1410.

Respectfully submitted,
